# Furniture Stencils

For Decorating painted and enamelled Furniture and other household articles with stencilled ornaments.

This art has in recent years gained popularity and promises wonderful opportunities for the Practical Painter, the Teacher of Manual Training as well as for the Home-amateur. These designs will readily adapt themselves to most any requirement and may easily be arranged to suit any article or surface.

By combining certain stencilled figures with stencilled stripes, lines or beads, very artistic and attractive decorative schemes and combinations may be obtained. Besides their being used on painted and enamelled surface, these stencils may also be used on cloth or felt, on fabric, oil cloth Sanitas etc. Shawls, Scarfs, Hose, Handkerchiefs, Napkins, Garments and Woven Goods may be decorated with these stencils.

Being very reasonable in price (20 cents on an average), no Painter or Amateur-decorator should be without an ample supply of them.

Ordinary oil colors, thinned with gasoline, should be used for all cloth, felt and fabric. The brush should be just barely moistened with the color, whipping it almost dry before stencilling.
